If your child will be enrolling* in kindergarten in September 2012, please plan on attending this informative evening at your local school.

Information will be shared about kindergarten options, registration, curriculum, extended care, and pending school board decision on language immersion.

The Lake Oswego School District welcomes tuition students from outside its district boundaries

*Students must be 5 years old by Sept. 1; parents may request consideration for early admission for students with birthdays between Sept. 1 and Sept. 15.
