

## Expanded Options Program (Senate Bill 300)

The Expanded Options Program (Senate Bill 300) provides eligible high school students access to credit for college level coursework funded by the Lake Oswego School District. Eligible students may receive, at no cost, dual college credit and Advanced Placement testing for Advanced Placement courses offered at either district high school. The current dual credit and Advanced Placement courses are noted in the curriculum guide.

### Eligibility:

The Oregon Department of Education determined that school districts may offer dual college credit courses and Advanced Placement Testing, at no cost to students who meet the definitions of 'at risk' and 'otherwise qualified' as follows:

- Qualifies for the free and reduced lunch program; or
- Qualifies through the Lake Oswego School District Fee Waiver/Reduction Program; and/or
- Has officially dropped out of high school, but would re-enroll in order to participate in this program; and
- Is currently enrolled in four or more courses at Lake Oswego High School or Lakeridge High School; and
- Will be in grade 11 or 12 during the school year in which they enroll in the Expanded Options Program; and
- Will be 16 years old or older at the time of enrollment in a course under the Expanded Options Program; and
- Has an educational learning plan on file with the high school; and
- Has not successfully completed four years of high school; and
- Is not enrolled in our district high schools as a foreign exchange student; and
- Meets all of the academic and other requirements of the district to participate in the dual credit classes and/or Advanced Placement courses in which they choose to participate; and
- For dual credit courses, receive a grade of "B" or better to receive dual credit.

There is not a limit to the number of dual credit or Advanced Placement classes an eligible student may take under this program. This program is available for all eligible students for all dual credit or Advanced Placement courses during the period of time they are eligible for the program.

### Additional Information:

This program does not change district policy or graduation requirements. This program offers the opportunity to access the dual college credits offered in our high schools and Advanced Placement Testing funded by the school district for eligible students.

- As in the past, students who are eligible for the Expanded Options Program as well as students who do not qualify for the program may continue to take college credit course work off campus at their own expense and apply it towards graduation requirements as allowed in the district graduation policy and regulations.
- As in the past, students who are not eligible for the Expanded Options Program may continue to participate in dual college credit courses and Advanced Placement Testing at their own expense.

The District reserves the right to approve all courses that are a part of the Expanded Options Program.

### How to Participate:

If you qualify for this program and wish to participate, contact Assistant Principal Jennifer Schiele at Lakeridge High School or Assistant Principal Cindy Schubert at Lake Oswego High School to enroll in the program.
